

Community School Workshop

Thursday, May 5
5:30pm-7:00pm

*Presented by
David Greenberg from NEA*

Your school is a community school. Learn about how students, staff, families, and community can create a community school.

Educators across the state fought for and won the landmark Blueprint for Maryland's future \$38 BILLION for Maryland schools over the next 10 years. In the law, some schools are converting to community schools. Yours is one of the 38 schools here in Baltimore County that is or has converted to the community school model. At this workshop, we will learn what this means for our various school communities, and how we can ensure this transformative model is implemented following evidence-based best practices, and learn about the model from outside experts.
