

PLEASE RE-ELECT

For

ESPBC President

Since my educational career began, I have advocated for educators and unifying members. I had the capacity to build alliances with policymakers and Community leaders who influence public education. I have met with successful efforts to enhance members' working conditions and wages, maintain a fair evaluation system and a solvent retirement system, and combat endless testing, privatizing, and outsourcing while advocating for inclusivity for ESPs. Please allow me to continue representing you by voting for Jeannette Young!

VOTE FOR
